BEAVER TOYOTA TEACHER GRANTS RECIPIENTS

Surprise Beaver Toyota Teacher Grants Delivery Day

This week was record-breaking for Flagler Schools as we delivered 44 Classroom Grants totaling over \$70,000 to 11 schools in Flagler County. Our dear friends from Beaver Toyota joined us for the day.

Each school was awarded a grant this year, including for the first time Imagine School at Town Center, which received four grants! According to the National Education Association, more than ninety percent of teachers spend an average of \$500 of their own money on school supplies and other items their students need to succeed. The Beaver Toyota Teacher Grants program matches the funds by the Florida Consortium of Education Foundation to provide teachers with funding for supplies, classroom items, and enrichment activities, projects, or programs not included in the school's budget. We are looking forward to seeing all the projects happening in our schools!
