HEARTBEAT BUZZ

January started off in Tallahassee at the opening of the legislative session. 1st semester information was sent out to all mentors, parents, and students! We had an awesome group mentoring session, thank you to Deanna with #MIP! We also made sure to appreciate our mentors for mentor appreciation month. Going forward into February it's time to buckle down and focus as the end of the school year is going to be here before we know it! Luckily we get an extra day this month as it is a leap year! Do you know what it means to have a leap year? Thanks to leap year, our seasons will always occur when we expect them to occur, and our calendar year will match the Earth's sidereal year.

The Miami Open, a prestigious international tennis tournament, traces its origins back to the 1960s when tennis legends like Jack Kramer and Butch Buchholz toured the U.S. in a station wagon with a portable canvas court. In 2019, the tournament moved to Hard Rock Stadium, setting attendance records and becoming a lifestyle and entertainment event. The Flagler County Education Foundation is honored to share this experience with you. If interested, please click the link below to purchase:
